 Black Misty 9023W is a daughter from the red LFE Crossfire 365T bull. Her dam is a LFE Bring it Black daughter and we can't say enough about the contribution Bring daughters have made to our herd. In fact, we are continuing to use Bring semen in our program. The Misty 17H cow family is also a proven pedigree coming from the McDougall Cattle Co herd and Rob Youngs RJY red program.

 Jiffy is a cool red bred that is a favorite. She has a strong maternal background. Her great granddam WFL 915J raised a set of awesome twin steers last year that did very well at the 4-H show for Josie (Club Grand Champion) and Jaedan Miller (third place). WFL 915J and her daughter 19M are still going strong in our herd. Jiffy's sire BISS Stockton, a dark red Dream-On son, comes from Jordan Buba at Lewis Farms.

A strong maternal pedigree here going back to our donor cow WFL Red Licious 26L which was Dayna's successful 4-H project.
