EDMONTON FARMFAIR
EDMONTON, ALBERTA

The 2011 Headliner All Breed Jackpot Show and Sale comes to you as one of the largest payout jackpot shows in North America. The excitement that was created through this first class event last year was second to none and \$25,000 was paid out to the buyers and sellers of the top 5 jacket winners. Farmfair has stepped up in 2011 once again and it should be another exciting event.

The 2011 selected sale cattle are extremely strong on quality and will come to you from leading producers within their respected breeds. This year we will feature the National Simmental and Gelbvieh shows along with a strong set from many other breeds. This is a great opportunity to acquire the best genetics within your own breed and have the opportunity to win jackpot money that will only be the icing on the cake.

The Headliner and Farmfair International is a great weekend for the Canadian beef industry and is one of the must attend agriculture events in the world. We at Bouchard Livestock look forward to visiting with you there but if for any reason that you can't make it, feel free to contact the consignors or any of the Bouchard staff for further information on the sale cattle.

On behalf of the Northlands Board of Directors, staff, and volunteers, welcome to The Headliner – All Breeds Show and Sale.

After a successful inaugural year in 2010, Northlands is proud to work with Bouchard Livestock International to once again produce The Headliner. This show and sale is open to all breeds of beef cattle exhibited at Farmfair and showcases premium genetics from across Canada.

At Northlands, we're continuously looking for ways to build upon our existing events and that's why we're proud to feature the National Gelbvieh, Lowline and Simmental sales within The Headliner. These breeds are represented with top genetics from across the country and are offered for sale. You won't want to miss the opportunity to upgrade your herd.

Thank you for your ongoing support of Farmfair and Northlands. Your participation in this year's show and sale helps make Farmfair the top destination for the international livestock industry and a hub for agricultural business.

Exposed from Apr 10 - May 25 to Mader Fourtrax 3W (Caesar X Bodybuilder son) Preg test safe for April 25 breeding.

Take note that this female is a middle of March. When you get analyzing her, you will really admire her for how soft she is through the middle, how structurally sound she is in her makeup and on the move, and how beautiful of an udder she is suspending. This female was inches away of being selected as a feature calf last year, however we decided that we wanted to hold on to her and sell her as a feature bred. Her sire is a Crocket son who we purchased from Tessier Simmentals, and 8 out of 11 of our red replacement females this year are sired by him. They are easy fleshing, great footed, and have lots of hair. Her dam did a fine job on this female as a first calver, and is setting up to be a tremendous young cow.

Bred to Odin U5. Preg test safe for January 13 calving.

As I sit here to write a footnote about Snider's Miss April, I remember when my son Owen named her and wanted to claim her for his first 4-H project. It couldn't have turned out better, they both did an awesome job in the show ring. Her dam, Snider's Fantasia is an outstanding cow with a great story. We sold Fantasia at this very show 10 years ago to 3D Simmentals, as the high selling female. As a two year old, Fantasia produced a their highest selling bull calf. We had the opportunity to buy Fantasia back 2 years ago and Snider's Miss April is the resulting offspring. April's sire, Wheatland 734, is a Top Gun son that Dean had purchased. I have seen a lot of calves off this bull and they are uniformed and thick made animals. April has loads of volume, perfect hair, great muscle expression, clean through her front end and the greatest disposition that we have ever had. Bred early to the calving-ease bull Odin U5, we expect her to produce an outstanding first calf. April would be an asset to any cattle program. Have a look!

A female we feel is going to go out and really produce for a new owner! Her Black Joker dam has been a huge asset to our herd, producing the high seller at our bull sale a few years back, and another son who is a full brother to this female, sold to Clarence Perlinger in Checkers. Two other daughters have been retained in the herd out of this cow, one being the dam of our feature red heifer that will sell at Agribition. Cheap Date is a powerhouse through and through. Real feminine up through her front end, massive amounts of barrel capacity, and is very square made and stout through her hip. Certainly the type of female that makes you hesitant to be selling her, but also the type that will make you proud to watch somebody else succeed! HOMOZYGOUS POLLED

Mappins Easy to Love 115Y is just that-stout with a big hip, square top and lots of rib, yet sweet up front-she is ready to produce herd bulls for her new owners. Straight from our ET program, this will be the first and likely the only, full sister to our herdbull, Rockstar, to be sold: we felt the National show and sale was a good place to showcase such a special individual. Rockstar has made a huge contribution to our program-his 15 sons were extremely well received at our bull sale, and were the highest averaging sire group. 1722N just keeps producing the good ones, natural and ET calves alike-we sold 4 of her ET calves last year and averaged over \$6000. Starquest is noted for producing those high volume, good uddered females that show up on the bottom side of some great pedigrees. There is no guess work here-proven genetics in an Easy to Love package.

MRC MISS RED WIRE 895Y is a deep bodied, smooth made, complete female that comes from the Hershey cow family. Twin Chief has made mention several times that 895Y's grand dam, Twin Chief Hershey 895H is possibly the best cow they have owned. There are several offspring throughout the breed that go back to this great female. A full sister to 895Y was purchased by Progressive Simmentals in the 2010 Lucky sale where the Red Wire females topped the sale. Proven genetics and longevity built in.

Shez Sassy is a polled stout made red brockel faced heifer out of the popular Wheatland Red Ace 747T. She is thick topped and deep ribbed, with an excellent hair coat. The bottom side of her pedigree is exciting as well. Her mother is a nice uddered, moderate made blazed faced cow out of Red Label. Shez Sassy's grand dam "New Trend Sassy 6K", was the 2004 Supreme Champion Female at the Calgary Exhibition and Stampede. 2Y is a female that has some predictability in her genetics and will go on to be a good breeding female.

We are excited to offer the first daughter to sell out of the 2010 Agribition Champion Bull and \$34,000 high seller, Wheatland Stout 930W. Shameless Hussey 121Y combines volume and muscle without giving up the femininity and presence of the cow family that backs her. 121Y's dam is a maternal sister to the 2007 Agribition Champion female, RF Hussey's Dreamchild 7S, who produced the \$20,000 RF Dominatrix 7X to Craig and Jack Oattes and the \$8,000 RF Love Drunk 9X to Rust Mountain View Ranch. Her dam, 18U, is also a 3/4 sibling to the 2009 Farmfair Champion Simmental Bull and Legends of the Fall Champion, RF Torque 6W, who was an \$11,500 high seller to Outlaw Cattle Co., Sevik Simmental Ranch, and Czech Mate Livestock. Shameless Hussey 121Y is an exciting, homozygous polled heifer that wraps some fresh new genetics into a broody and sound red package out of a black sire and dam.

After a couple years away we are glad to be back at Farnfair and offering this fancy female in the sale. 117Y is long spined, deep sided and is sure to make a brood cow as this cow family just flat works. We have a couple more Gunner females in the yearling pen and they just continue to get better with age. This sweet female has an excellent disposition and would make an excellent 4-H or junior project. We look forward to once again being part of farmfair and this sale and hope to see you there.

Here is an exciting lot for us to be able to consign to the National Sale. We are selling 3 #1 frozen embryos out of our favourite and very best cow 53S a direct daughter of the great Dynamite Black and sired by NLC Upgrade. We have sold two great young herd sires out of 53S and retained the only daughter she has had to date. 53S is a real long spined, big topped cow with a real balanced smooth under, great teat diameter super disposition. Upgrade is a super cool, soft sided, big hipped bull who has become very popular in the states, with lots of potential and future in the breed. Make sure to stop by our stall for a visit and check out Gossip Girl 14X the daughter of 53S. Guaranteeing one 160 day pregnancy if done by a accredited vet.

Lot 14

When the Bouchard crew came calling for consignments for the Headliner Sale we knew we wanted to consign something special! We finally decided to part with a full flush with the buyer's choice of mating on one of the best producing females in our program. KNC Senorita 21R is one of those cows that you can't help but admire. She is a soggy female with an excellent udder that is the front pasture kind, garnering a lot of attention from visitors. 21R is a many times Grand Champion Female that we had retired out of the show ring until this August when we saw her and her heifer calf on pasture... and we knew we had to get her out again. We showed her once this summer at IPE where she was took home Grand Champion Gelbvieh Female with her whopping end of March heifer calf at side (who was also named Heifer Calf Champion) sired by VV What A Tizzy 63W, the high selling bull in the VV Farms 2010 Bull Sale for \$8000; we will have the pair out again at Farmfair. Senorita isn't one of those cows that just looks good, she consistently produces the good ones. After 3 heifer calves, this year is the first time we have ever retained a female from her as they have always been in demand, but we finally had to put our foot down and keep one for ourselves. Her first heifer calf RAC Fergie 21T sold to Brittain Farms where her first two calves were both sold in their bull sale on consecutive years. 21R's second female, RAC Whata Looker 21W was the high selling heifer calf in the 2009 National Gelbvieh Sale to Lonesome Dove Ranch (Ross and Tara Davidson) of Ponteix, Sask. While we have sold a limited amount of single embryos on this cow we have never offered a full flush on her and chances are we never will again. We are willing to open up our tank to the buyer as well as the ability to flush to VV What A Tizzy 63W for the ability to make full sibs to her 2011 natural calf at side. There will be no other semen sold on VV 63W. * Guarantee 6 eggs, flush to be done in spring 2012, buyer pays flush costs, half down sale day & remaining balance upon completion of successful flush.

Off the top end of the herd this Pump daughter has been a favorite all along. Her dam 411P was the top selling female in Dimlers' spring sale in 2005, and is one of the very top females in the herd. For her age she displays a ton of rib and presence, sure to be a leading lady in anyone's herd. Her maternal sister on the ground this year is the best performing calf in the herd.

Her sire, Revolution, we bought from SooLine as a calf. His sire is Corner Creek Cash. Revolution was Senior Yearling Champion at the World Angus Forum. This dam is Red SooLine Rhonda S109 who sold to Wild Cat Creek for \$30,000 at the Red SooLine Dispersal. The dam 500R was an embryo calf that we bought from D-Bar with the Joan Cow Family and the Rhonda Cow Family. This heifer should make a good producer like her granddams.

Confirmed safe to breeding date of 22 Apr 2011 to HF Kodiak 5R

One of the greatest building blocks in the development of the Hamilton Farms herd occurred when Echo 32E was flushed to a bull that has become an icon in the Angus breed today. . . "TC Freedom" resulting in HF ECHO 187N. There were also a number of flush mates, one of which was HF Free Wheeler 191N selling to LLB Angus for 9,000.00 for ½ interest, a bull that has created his own legacy in the LLB herd. Echo 32E had numerous accomplishments, but we would have to say that 187N may have surpassed her dam, going undefeated as a calf and yearling, and then topping it off in 2005 by reigning Grand Champion Female in Calgary, Farmfair and Agribition, as well as Supreme Champion Female at Calgary and Agribition. But probably more important than her wins was the fact that people of all breeds complimented this female on her overall quality, regardless of breed or color! The Echo cow family is also the foundation of herd sires like HF Tiger 5T (Top Canadian AI Sire), HF El Tigre 28U, HF Hemi 176W, HF FreeWheeler 191N, HF Progress 20K, HF Power Source 94M and others. Duff Encore was the high selling bull in Duffs 2008 Power Plus Bull Sale and has been noted to possibly be one of the most impressive sons of the legendary bull "6807" in recent times. Encore and his progeny are moderate in frame, easy fleshing practical cattle with plenty of eye appeal. HF Echo 163X is a near replica of her dam HF Echo 187N. She possesses the elegance and character combined with extreme volume and muscle shape to put together a very complete package. Then to top it all off, she is preg checked safe to the record setting herd sire HF Kodiak 5R, a bull that has proven himself in every aspect of the industry. You WILL NOT have an offering like this everyday, so don't miss out !!

The power in these Southland Exclusive 62U cattle is really starting to repeat itself as our number of offspring increase and we watch them develop over the summer. It was an Exclusive X Kodiak heifer calf combination that was a sale topper at our Feature Female Sale, December 2010, going to Continental Angus for 15,500.00. This heifer calf HF Erica 20X was also the Legends of the Fall Supreme Grand Champion Female at Farmfair 2010. We purchased Exclusive from Southland Angus for 17,000.00 and own him jointly with Wilbar Angus of Dundurn, SK. Exclusive has so much of what we look for in a bull: he is moderate framed, has a well-balanced muscle pattern, very wide topped, large testicles and he truly looks like a BULL. The Tibbie cow family, like our other offering in the Headliner, is one of history as an integral part of the pioneering of the Hamilton Farms herd. We acquired ½ interest in MVF Tibbie 15T from Mountain View Farms in 1986, and she has since become the Matriarch for the Tibbie family with her progeny dominating the show and sale rings in this country for years. Tibbie is also lined up in the Echo pedigree, so the influence of the "Tibbies" as you can see runs very deep in our herd, and obviously has stood the test of time. Here is a heifer calf that will bring it to you from an outstanding, solid pedigree top and bottom along with style, femininity, muscle shape and great hair in a complete package.

Here's a fancy thick heifer with a dam just like her. Her dam 118P has been a great producer for us. We have sold daughters to Crescent Creek, Pam Chase and Aspen Hill Angus, as well as a bull went to Meunier Farms. The sire, Grid Power, was purchased through Rob Holowaychuk. He is a thick, powerful bull that is out of the GAK Grid Maker, a popular A.I. bull. Grid Power is in the top 1% in yearling and weaning weight for the breed. This calf will do well in the show ring, as well as in the pasture. Her EPD numbers show that too.

9Y is a female that has been a long time in the making. Her pedigree is one that we at Diamond T have been waiting for. She is out of a moderate, feminine, functional Belvin Nighthawk daughter. After being purchased out of Masterpiece from Belvin he was the bread and butter for five breeding seasons leaving productive females and powerful, customer appreciated sons. 9Y is sired by HF Predominant 213U who is garnering quite a bit of attention. After his first progeny hit the market after the 2009 Exodus sale he has been in high demand. 1109 is packed full of rib shape and volume while being super sound and feminine. This is a female that will be a front pasture "Headliner".

The HEADLINER

ALL BREED SALE

The Headliner All Breed Sale Sponsorship & Layout

The Headliner All Breed Sale Prize Money is sponsored by the City of Edmonton & Northlands and show attire will be sponsored by Bouchard Livestock International. There is no entry fee for sale cattle to enter the Jackpot Show & Sale and all prize money will be shared equally between the successful buyers and sellers.

The Headliner All Breeds Show & Sale - Class Judging

The Headliner All Breed Jackpot Show and Sale is targeted to market the most elite cattle out of every breed. Bulls, cows, bred heifers, open heifers, embryos, flushes are all able to be marketed through the sale but only open heifers and bred heifer are eligible to compete for the Jackpot Prizes. In order for a breed to have their own class there must be a minimum of 4 head per breed. All other breeds would be put into an AOB class. A panel of judges would place the cattle with results being announced after the sale.

The Headliner Sale

The Headliner Sale will begin sharp at 7:00 pm, the breeds will sell by catalogue order for the 2011 Sale. Any breed that hosts their National at Farmfair will be at the start of the catalogue.

The Headliner Championship Judging

After the sale commences, the top 3 animals from each class will be announced and the championship class will begin.

Prize Payout Breakdown

All prize money will be split equally between the buyer and seller:

	Buyer	Seller
