Due to Champs Bravo on January 5/11

Look at Wishes pedigree... Neumann, Stride and Lilli-Marlen. From new school to old school she has it. If you are in need of a genetic wish, look no further!! She is well pigmented, double polled, double goggled and bred to our polled powerhouse Bravo! Bravo's first calves have calved easy, been solid colored, and are built like tanks. She is one for the Lilli lover enthusiast. Wishes should not be missed.

to 1 PICK OF DESTINY SIMMENTALS 2010 CALF CROP

Here it is. The chance to walk our pastures, study our genetic program, pick an embryo born calf or watch our show calves develop and take a full out unrestricted pick. Your pick can be deferred until immediately after the RAWF or lock it down earlier if you wish. We have 90 calves on the ground this year. Highlights include 2 full brothers to Buckeye, the \$32,000 bull purchased exclusively by JayDawn farms. We bred over 30 females this year to Buckeye. A fancy 680S April born maternal sister to Buckeye has been a favorite already. There are five full siblings to the three Shadow by Pathfinder yearlings in our showstring this year. (See Lot 2 for details). The Sophia family hit the top of our showstring this year with a Preferred Beef female. (See lot 3 for maternal sisters.) Our new walking herd bull, JayDawn Permanent Black is leaving them all with extra spine, explosive muscle and extremely fancy fronted.

Bred to CNS Dream On on April 21/10

FEATURE: BLACK BALDIE POWERHOUSE

This heifer comes from the thickest show pen. We have 8 head in this pen and this lady is the yearling, broodiest mama maker. The Spades family has worked well with that shot of Fleck. Her dam was the lead off donor cow in last years sale bought by Bill Elford. We desired to fancy this tank up, so a breeding to Dream On for January calf seemed logical.

Due to Champs Bravo on January 29/11

Let's be honest... "Wisdom"? Really it was a no-brainer to use sexed Bantu semen with this heifer's dam. Wisdom is double goggled, polled, and as consistent as they come. Her dam has had the high selling heifer lot two years in a row at this very sale. Ask the good folks at Well's Crossing how they like the half sister they got last year or Gist Simmentals for the heifer the year before!! We bred this great heifer to Bravo, whose offspring come extremely easy and are amazing. Truly the one bit of wisdom here will be who buys her.

COW POWER
 Selling 2 choices on Lot 3A, 3B & 3C
 The Sophia family continues to excel at Destiny, both on our showstring and pasture. Kelly Ashworth has several progeny plus a hard working daughter at Cedar Creek. All 4 will enter the ring and we are selling first and second price. We will retain the other two as we have no Sophia's in our herd yet. BLI has always captured this family for the Futures One sale leaders.

SALE FEATURE - Selling choice on Lot 2A, 2B & 2C
 I have never raised three full sisters that are so consistent and have matured into the top of the bred pen with such style and authority. These three are hard to pick between so you pick, I will gladly retain the other two as future donors at Destiny. The dam to these great females is an embryo calf herself, a Joker daughter from the world famous donor cow of Bouchards, being none other than 505H. A stacked up pedigree with predictability and consistency.

Dominique X Destiny Eldinaro Spades implanted March 27/10

This recipient cow at Destiny carries the tattoo CO 464P. Her dam is a donor red Angus at Bar 5 and sired by Optimal. That's right, an Optimal daughter. Her embryo pregnancy is RTC 53R (Spades family Donor cow lot 2 last year, see lot 4) by the exciting STF Dominique. Last time I checked his semen was at \$100.00/vial. We decided to offer two pregnancies to last year's sale donor cows, so opportunity knocks. Another B egg, could it be another heifer inside of her?

Due to Champs Bravo on January 29/11

Have you ever seen a polled Western Union 5Z heifer? We haven't, so we made one just for you. Her dam, 208M, is one of the top born polled donors at PHS. 208M is also the dam of TNT, the \$40,000 sale rupper in the Futures II Sale. He sold to Anchor D, Stone Simmentals, and Leary Stock Farm. Walnut is bred to Bravo - Mr Consistent. With this unique genetic mating it would be like having your own money tree. Any way you look at Walnut, you better get cracking and bring her home!!

Maple Key Grace. By Red Ace and out of a cow we bought from Ron Stewart. Definitely a show prospect here. She is paid up in the Royal Futurity Shows. If the new owner wishes to take her. On August 19th she weighed 635 lbs. Open.
